

TOMS

One for One

buying a pair
gives a pair

Children's feet grow quickly; always measure
your child's feet before buying shoes.

WHAT YOU'LL NEED:

- Scissors
- Tape
- Pencil
- Hard floor & wall
- 1 barefoot child

PRINTING INSTRUCTIONS:

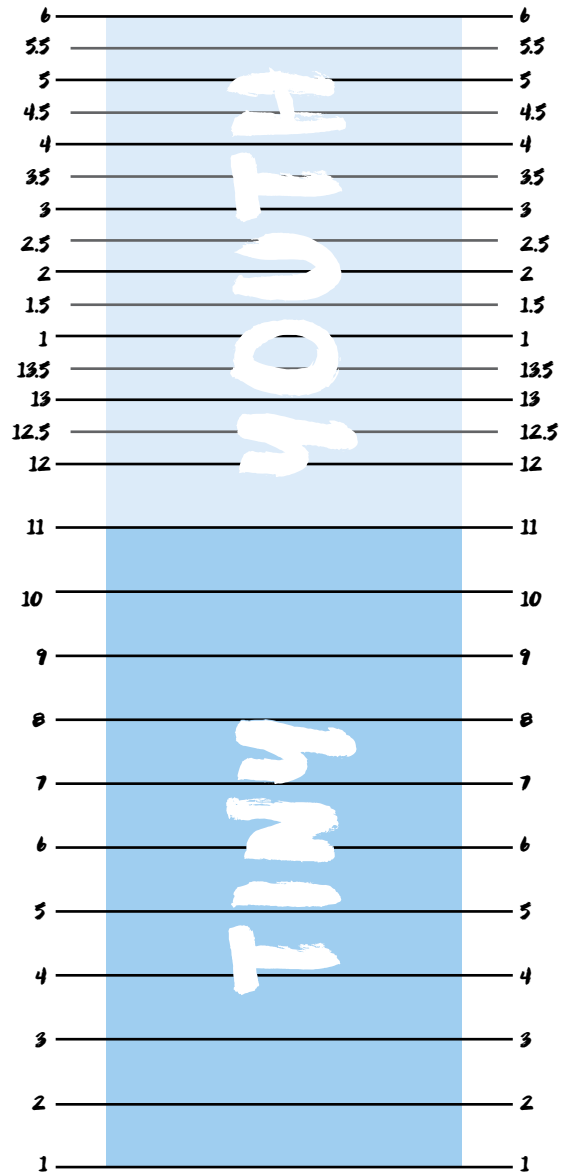

- Set page scaling to "None"
- Use inch measurement to confirm scaling accuracy*

SET UP + MEASURE:

1. Cut out the size chart
2. Tape the size chart to a hard floor with the curved line touching a wall
3. Place one foot on the size chart, aligning heel with curved line
4. Slide foot so heel is touching the wall
5. Mark the first visible line past longest toe with pencil
6. Record measurement
7. Repeat with other foot

TOMS run true to size and are available in medium width only. If they are between sizes, we recommend ordering the larger size.

US/CA SIZING

*Place ruler here to confirm size chart is to scale
